Bilateral Meetings

- (11a.m. 1p.m.)

Description

NeoData (until recently known as "Data Kompjuterski Inzenering") was formed in 1995 and since then has been present on the Macedonian software market. Our main business focus is implementation of complete Enterprise Resource Planning systems (ERP known as "DataKing") in organization in Macedonia. Our customers consist of profit and nonprofit organizations where we have implemented software in accordance with ISO standards.

We are experts in building business applications (ERP, HR, Payroll, CRM...), Project Management, Business Architecture and developing software solutions in accordance with ISO standards. NeoData is official partner of ODOO ERP for Macedonia and the region.

So far we have developed software for many business industries. They include:

- ERP Software for government and public organizations
- Software for insurance companies
- Software for Banks
- Software for Manufacturing companies
- Software for Trading companies
- Software for Hospital management

"dataKing Cloud" - Take your office wherever you go...
"dataKing Cloud" is our new product for small and medium size companies that includes CRM&Sales&Invoicing. Client can start using it right away as a service.

For every client "dataKing Cloud" can grow by adding different modules like MRP, Warehouse management, Project Management, POS etc.

We are looking for a partner who will sell "dataKing Cloud" on a markets out side of Macedonia.
