Description

Bild Studio is a full-service digital agency, which counts more than 1,000 creative projects and more than 400 satisfied clients, from large corporations to small businesses, government institutions, universities, media, sports associations and non-governmental organizations. Bild is the fastest growing company in Montenegro, which follows the latest world trends in organizational development. Our team consists of over 50 professionals, including software engineers, system architects, front-end and back-end engineers, UX and UI designers, graphic and web designers, economists and marketing experts. Bild is led by shared passion of its staff for creating and commitment to excellence.
